Assistant Controller - Operations

Location: Alphen aan den Rijn, Netherlands; OR Madrid, Spain

Status: Exempt (salaried)

Department: Finance/Accounting

Position Summary

The Assistant Controller - Operations is an integral position in the EMEA Finance Team, providing operational finance support to our European business. This role will help drive strategic decision making within the business based upon the measurement of financial data. This position is tasked with assisting the Operations Controller in building out and providing ongoing financial metrics so that business strategies can be refined and improved. This role works closely with manufacturing operations, logistics, purchasing and finance to ensure accurate financial reporting. The ideal candidate is comfortable shifting priorities and lending finance expertise within diverse work assignments as needed.

Core Duties and Responsibilities

Support the monthly/quarterly financial and operational reporting activities of the Company

Support Operations Controller with product costing, inventory management, margin reviews and other operational initiatives

Prepare and provide ad hoc reporting and analysis requested by Executive management and department leaders as needed to support the business

Assist in developing and implementing new procedures and systems to enhance department workflows

Develop a strong understanding of the Company's operations, products and cost drivers

Develop broad expertise in the Company's financial reporting systems to help drive improved accuracy & timeliness of operational reporting

Support the Company's SOX program, including documentation, testing and making ongoing recommendations for internal control process changes

Develop and grow strong cross-functional relationships to ensure the achievement of department and business objectives through collaboration and communication

Represent Plug Power in a professional manner at all times and in all interactions

Perform all other duties as assigned

Education and Experience

Bachelors degree in Accounting/Finance, CPA preferred

Five (5) or more years of related work experience including experience within manufacturing operations

Financial systems ERP experience

Cost Accounting experience

Demonstrated analytical abilities with strong attention to detail

Superior communication skills

Proficient with Microsoft Office software, particularly Excel

Ability to manage complex projects and multi-task effectively

Excellent follow-through

Must be driven and self-motivated

Must possess the highest ethical standards and a commitment to work quality

Plug Power, Inc. is committed to creating a diverse environment and is proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.
