Company: Trinamics

Location: Netherlands

Category: computer-and-mathematical

Introductie

Ready to revolutionize the automotive industry? We're seeking an Electrical Engineer for Low Voltage Vehicle Systems to spearhead innovation and drive progress in our dynamic team! Our Vehicle Electrics & Electronics (VEE) department is dedicated to advancing electrical, electronic, and mechatronic vehicle systems. Collaborating closely with system suppliers, we develop intricate systems that are at the forefront of automotive technology.

Within the VEE department, you'll join the VEE Systems team, comprised of 14 dedicated professionals. As an Electrical Engineer specializing in vehicle electrical systems, your primary role is to ensure the seamless functionality of electric systems throughout the vehicle's lifecycle, from concept to series production.

Functieomschrijving

Key Responsibilities:

Lead the development of electric and electronic systems as the Control System Owner.

Act as a vital integrator between suppliers and internal departments to develop hardware and software for VEE Systems.

Specify requirements for electric systems.

Define the hardware and software aspects of VEE Systems.

Provide regular status and progress reports to management.

Wat verwachten we van jou?

To excel in this role, you'll need to be a proactive team player with a focus on delivering results.

Your qualifications should include:

Bachelor's or Master's degree in Electrical Engineering, Automotive Engineering, or related field.

Minimum of 2 years of experience working with electric/electronic vehicle systems.

Experience in coordination and planning.

Excellent communication skills in both written and spoken English.

Wat kun jij van ons verwachten?

The right candidate will be provided a challenging and varied position in a professional, high-tech environment.

An appropriate salary based on your experience and education.

Future prospects and excellent benefits are evident.

Good secondary conditions such as a minimum of 25 holidays and 8,33% holiday allowance.

Courses to develop yourself professionally and personally via Trinamics Academy.

Discount on your healthcare and referral bonuses and fun activities.

Certain pre-employment screening checks may be part of this vacancy procedure.
