Financial Reporting:

- Prepare and analyze financial statements, including income statements, balance sheets, and cash flow statements.
- Generate financial reports for management review and decision-making purposes.
- Ensure compliance with accounting principles and regulatory requirements.

Budgeting and Forecasting:

- Assist in the development of annual budgets and forecasts.
- Monitor budgetary performance and provide insights to support financial planning and decision-making.

Financial Analysis:

- Conduct variance analysis to identify trends, risks, and opportunities.

- Provide insights and recommendations based on financial analysis to improve efficiency and profitability.

Process Improvement:

- Identify and implement process improvements to streamline financial operations and enhance accuracy.
- Develop and maintain financial policies and procedures.

Assistance to Finance Director:

- Collaborate with the Finance Director on special projects as needed.
- Provide support in preparing presentations, financial models, and other materials for stakeholders.

Communication and Collaboration:

- Liaise with internal stakeholders to gather financial data and ensure alignment with organizational goals.
- Communicate financial insights effectively to non-financial stakeholders.
