

On Board Diagnostic (OBD) Calibration Engineer

[Apply Now](#)

Company: Trinamics

Location: Netherlands

Category: computer-and-mathematical

Introductie

Join our dynamic team at DAF Engine Development and play a crucial role in developing calibrations for cutting-edge combustion engine and aftertreatment components. As a Calibration Engineer, you'll be instrumental in designing diagnostic strategies to ensure OBD compliance for engine programs in both production and development phases. If you're passionate about automotive engineering and eager to work on innovative solutions for complex technical challenges, we'd love to hear from you!

Functieomschrijving

Develop calibrations for diagnosing existing and new combustion engine and aftertreatment components.

Design diagnostic calibration strategies to maintain OBD compliance for engine programs.

Collaborate with internal and external stakeholders to ensure adherence to defined standards.

Ensure that OBD system development and validation follow DAF process guidelines.

Develop tools to control, maintain, and optimize processes and documentation.

Translate OBD regulations to ensure compliance with DAF engine development.

Wat verwachten we van jou?

Bachelor's or Master's degree in Mechanical, Automotive, or Electrical Engineering with a passion for automotive or vehicle engineering.

Mandatory knowledge of internal combustion engines, with a preference for diesel.

Optional knowledge and experience with SAE 1939-71/73 CAN.

Basic understanding of OBD regulation and OBD systems.

Structured working approach with a collaborative mindset.

Strong problem-solving skills and enthusiasm for tackling complex technical issues.

Proactive attitude with the ability to work effectively with diverse teams and organizations.

Proficiency in MS-Office and Matlab.

Mandatory proficiency in English, with a willingness to learn Dutch.

Wat kun jij van ons verwachten?

The right candidate will be provided a challenging and varied position in a professional, high-tech environment.

An appropriate salary based on your experience and education.

Future prospects and excellent benefits are evident.

After a period of secondment and functioning properly, you can be contracted by our client.

Good secondary conditions such as a minimum of 25 holidays and 8,33% holiday allowance.

Courses to develop yourself professionally and personally via Trinamics Academy.

Discount on your healthcare and referral bonuses and fun activities.

Certain pre-employment screening checks may be part of this vacancy procedure.
