### Introductie

Are you looking for the right career-move? Trinamics will help you!

We have a lot of openings at DAF in the automotive industry (Vocational Degree, Bachelor, Master, PHD, mechanical engineering, mechatronics, electrical, aviation, aerospace, optics, software, computer science, automotive, embedded engineering )

### Functieomschrijving

DAF Trucks N.V. is a technology company and the premier commercial vehicle manufacturer in Europe. DAF is a wholly-owned subsidiary of PACCAR Inc, the global technology leader in the design and manufacturing of premium quality light, medium and heavy-duty commercial vehicles. PACCAR also designs and manufactures advanced diesel engines, provides financial services and information technology and distributes truck parts related to its principal business.

DAF is an environmental leader, offering a full range of fuel efficient and ultra-clean diesel engines meeting the most stringent emission standards. DAF was among the first European truck manufacturers to comply with the ISO 14001 standard for environmental care. All production facilities have achieved 'Zero Waste to Landfill'. Thanks to the application of the latest and highly sophisticated technologies, DAF's new and ultra-modern cab paint facility in Westerlo, Belgium is the latest example of how DAF leads the way in environmental care and stewardship.

Would you like to work in one of the biggest automotive companies in the Netherlands? Do you want to be part of a team that is trying out new ideas every day and is constantly

looking for better, more accurate and faster working methods? Trinamics is always looking for technical talent for DAF. The rich technology variation and the joint pursuit of the development and perfection of groundbreaking new technologies provide an ideal base for professional development and personal growth.
