

## Trade Compliance Specialist - EU (F/M/X)

[Apply Now](#)

Company: Mars

Location: Veghel

Category: architecture-and-engineering

### Job Description

**Contract:** Permanent **Location:** Veghel, the Netherlands **What are we looking for?**

Specialized knowledge in trade and customs compliance regulations required for EU and surrounding countries.

Experience in complex CPG, brokerage, or consulting environments.

Excellent communication skills in English (written and spoken).

Data orientation.

Degree/ Certificate in Compliance, International Logistics, Customs Work or International Studies preferred.

### What would be your responsibilities?

Execute Mars import/export compliance program - activities may include, but are not limited to, import and export operations, and assignment of tariff classifications to machinery, finished goods, raw materials, packaging, special projects, etc.

Application of customs regulations across EU and UK, including required government reporting.

Analyze manufacturing and purchase details to determine eligibility for preference programs and ensure record retention requirements are met.

Execute cross border operations as required to support customs brokers requests for information, business escalations, and other operational activities

Implement special projects as identified/defined by Sr. Specialist or others.

Conduct regular audits of tariff classification, FTA data, and broker submitted documentation such as customs entries or export submissions.

Monitor procedures used by Mars manufacturing facilities, selling entities, and vendors to ensure compliance with EU and other governmental trade regulations.

Create and update SOP's to ensure documented policies reflect current practice.

Maintain records of import documents and monitor compliance of trade documentation retention.

Implement and co-facilitate corrective actions in response to audit results and hold affiliates, suppliers, and brokers accountable for compliance.

### **What can you expect from Mars?**
