Company: Crebos Online Solutions

Location: Netherlands

Category: computer-and-mathematical

Crebos is an international software development company headquartered in the Netherlands, specializing in cutting-edge technologies and collaborating with Fortune 500 organizations and top-tier entrepreneurs. We foster a learning-centric and enthusiastic work culture, providing our employees with opportunities to work on innovative projects that shape the future.

The Role

Your responsibilities will include:

Conduct user research to understand and analyze user needs and behaviors.

Create wireframes, prototypes, and user flows to effectively communicate design ideas.

Design and deliver innovative and engaging user interfaces for web and mobile applications.

Collaborate with the development team to ensure seamless integration of design and functionality.

Conduct usability testing and gather feedback to refine designs.

Stay up-to-date with industry trends and best practices in UI/UX design.

Ideal Profile

Proven experience as a UI/UX Designer or similar role.

Strong portfolio showcasing your design work and user-centered approach.

Proficiency in design and prototyping tools such as Adobe XD, Sketch, Figma, etc.

Solid understanding of user-centered design principles.

Knowledge of front-end development technologies (HTML, CSS, JavaScript) is a plus.

Excellent communication and collaboration skills.

You are a good multitasker who can work within tight deadlines.

You possess excellent communication and interpersonal skills and can articulate your ideas to different stakeholders.

You pay strong attention to detail and deliver work that is of a high standard

You are highly goal driven and work well in fast paced environments

You enjoy finding creative solutions to problems

What's on Offer?

Learning & Enthusiastic Work Culture

Domestic & International Trips

Work alongside & learn from best in class talent
